Palestinian joint statement

Escalate all forms of resistance

This slightly edited statement was issued Oct. 28, 2023 by Palestinian forces: Democratic Front for the Liberation of Palestine, Hamas (Islamic Resistance Movement), Palestinian Islamic Jihad, Popular Front for the Liberation of Palestine, and Popular Front for the Liberation of Palestine — General Command.

In their statement, the five powers saluted the martyrs of our Palestinian people and our steadfast and proud people in the Gaza Strip who are facing an organized campaign of extermination, stressing that they are the people of pride, dignity and steadfastness and that they are the people of victory who are loyal to their cause and their homeland, and [the Palestinian forces] pledged to them to continue on the path of resistance until victory is achieved over the Zionist enemy.

The attendees affirmed the following:

• This heroic epic is the battle of the entire Palestinian people, which they are waging in defense of their land, their sanctities, their existence, and their right to freedom against a barbaric enemy that does not spare any of our people from its crimes. It targets hospitals, mosques, churches, universities, and ambulances, and cuts off electricity, water, fuel, the Internet and cellular communications for our besieged people.

• Adhering to national unity is a main pillar in confronting the Zionist war of genocide against our people, as well as rejecting the enemy’s attempts to divide our people or monopolize any part of it. We stress unifying efforts and closing ranks in this fateful battle.

• We call on the masses of our Arab and Islamic nation and the free people of the world to continue their movements to stop the American-Zionist aggression, open the border crossings, bring in humanitarian aid and fuel, and remove the wounded from the Gaza Strip.

• We salute the resistance forces in our nation, especially in Lebanon, Syria, Iraq, Yemen and Iran, and we affirm that our Palestinian people are not alone in this battle.

• We hold the United States of America fully responsible for the war of genocide against our people as it chose to support, escalate, and participate in the war of genocide against our people, which requires a strong response from the Arab and Islamic countries, as well as countries friendly to our people to stop this ongoing massacre of our Palestinian people.

• We demand the opening of the Rafah crossing and the entry of aid, humanitarian needs, fuel, and medical and relief teams to our people without delay, allowing the wounded to be transported to Egypt and the Arab and Islamic countries, without interference from the occupation or any of the aggression countries.

• We call on the masses of our people throughout occupied Palestine to escalate all forms of resistance and struggle against the Zionist enemy, targeting its soldiers and settlers, and strengthening popular initiatives of struggle in the face of settler attacks and the encroachment of enemy forces.

• The enemy’s cutting of all access to Gaza, besieging it, and cutting off communications and the Internet completely is a cover for a major crime of genocide that the enemy does not want witnesses to, and we stress breaking this siege with an “official and popular” Arab position.

• We adhere to the right of our people to resist, and its confidence in the victory of our people in this battle as we fight this battle in defense of our land, our people, and our sanctities, and for the sake of liberation, return, self-determination, and the establishment of the Palestinian state with Jerusalem as its capital.

Hamas: ‘Ready to defend the dignity, freedom of our people’

The following statement was released on Oct. 7 by the Deputy Head of Hamas, Sheikh Saleh Al-Arouri.

What started is not just an operation but a battle that will expand, escalate and deepen.

The battle has a goal: the freedom of our people and the liberation of our sanctities. Therefore, the battle continues, escalates until achieving the victory with the deserved freedom of our people.

We will not continue to accept the desecration of our sanctities, or the imprisonment of our prisoners in jails, or the continued siege of Gaza.

What we have in our hands will free all the prisoners from the occupation jails.

There are a large number of “Israeli” captives, and there are senior officers among the captives. The battle is still at its peak, and the freedom of our captives in prisons is imminent.

We captured senior officers from the occupation army, and we will capture more until the prisons are emptied.

The resistance is prepared for the worst scenarios, including a ground invasion. An “Israeli” ground invasion would be the best scenario for us to settle the conflict against the enemy.

We have information that the occupation army was preparing, after the holidays, to launch a major aggression against our people in the West Bank and Gaza. The battle is coming, and the aggression began with the desecration of the sanctities and the enemy’s intention to attack Gaza and the West Bank.

We are ready to defend the dignity and freedom of our people.

We hope that the resistance will cover all of Palestinian land and, God willing, there will be effective solidarity and a strong stance from both the Arab and Muslim nations.

Glory to the martyrs.
Healing for the wounded.
Freedom for the prisoners.
Victory to our people and their valiant resistance.
