A: Annual National Conference

Workers World Party, Workers World

United States

Dear participants of the Conference:

On behalf of the Workers Central of Cuba (CTC), we send our greetings and earnest desire that the results achieved at your Annual National Conference correspond to the interests and purposes that defend and promote their party organization.

Cuban workers are involved, along with all our people, in the updating of our economic model, which we intend -- and we are sure we will succeed in consolidating our socialism and make the Cuban revolution stronger.

At a time when we are in the final stage of preparation of the 20th Congress of the CTC, which will hold its sessions at the end of next February, preparations from which our organization, has emerged greatly strengthened at all levels to carry into practice the work objectives for the next five years, to be approved in our 20th Congress.

We reiterate desire for your success in your work, with the confidence that from our organization you will always find militant solidarity with your cause.

Hasta la victoria siempre,
